

20-23rd February 2004 - James & Suzi's wedding.

We wanted our wedding to be just us & our mates - no pressure + no-one telling us what had to happen when. Torch Lane House has exceeded all our hopes. 30 friends (& our parents) have had a thoroughly memorable weekend. The house is beautiful & felt like our home within 10 minutes of arriving. Our wedding day was perfect. The boys playing football in the morning, the girls beautifully pampering - getting ready for tea & cones at 3pm (yummm - melt in your mouth!) following the ceremony came the best canapés any of us had tasted & our champagne glasses were topped up continually. Dinner at 6pm with sensational bangers & mash & the staff were so lovely - quietly getting on with it but approachable. Then they disappeared quietly leaving the kitchen immaculate & we had our party. Sunday was a day for hangovers & a cooked breakfast, some people going home but a handout bagging for leftover food & general vegging in front of the fire. It has all been absolutely gorgeous. We want to live here forever! Thankyou to the staff for making it all so perfect!
